Presidential Ramblings AUTUMN 2026

By NE-AIPG President Kelly Weyer, CPG-11826

Greetings NE-AIPG members and friends!

As the cooler months approach and the vegetation starts to fade to uncover the geology around us, the NE-AIPG is preparing for a busy season with our Fall Meeting in October, several webinars throughout this fall and winter, and opening the 2026-2027 Angelo Tagliacozzo Memorial Geological Scholarship (ATMGS) season. We are also discussing plans for outreach events for students, early career professionals, and seasoned geologists, and increasing collaborations with regional geological organizations.

We are pleased to share several opportunities that are taking shape, and we invite and encourage members, students, and regional partners to participate.

Fall Meeting - Friday, October 2, 2026 - Herkimer, New York District. Planning is underway for NE-AIPG's annual Fall Meeting on October 2nd. The Fall Meeting will include the typical agenda of an afternoon field trip and a dinner meeting. We will apply for Professional development hours and expect 3 PDHs for the field trip and 1 PHD for the evening talk.

(Ramblings continued on page 12)

ROUX

- Brownfield Redevelopment
- Phase I & Phase II ESAs
- Constructed Treatment Wetlands
- Wetland Delineations and T&E Evaluation/Permitting
- Petroleum Remediation
- Stormwater/Wastewater Management
- Remediation Designs
- Litigation Support

For more info: 1.800.322.7689 or www.rouxinc.com

California • Illinois • Massachusetts • New Jersey • New York • Texas • Virginia

(Ramblings continued from page 11)

During the afternoon field trip, attendees will visit outcrops and mine exposures to examine how mapping and coring approaches are applied to identify and understand productive zones. The field trip discussions will connect direct observations with the practical methods used to characterize geologic conditions and guide subsurface interpretation.

After the field trip, attendees will reconvene for the dinner meeting where the after dinner technical talk will further explore methods that were discussed during the field trip. The talk will cover mapping, analysis, acquisition, and calculation of data, giving participants a closer look at how field and subsurface information are integrated. [See Page 31 & 50](#) for more information, and additional program and registration details will be shared as plans are finalized.

Webinars - We have several webinars in the works to be scheduled throughout this fall and winter. In addition to single webinar topics, we are developing a webinar series focused on the geology of New Hampshire, presented by four different speakers, see [Page 53](#) for details. We are working on dates and finalizing details, and more information will be announced soon.

Scholarship Applications Open in September - Applications for the 2026-2027 Angelo Tagliacozzo Memorial Geological Scholarship (ATMGS) will open in September and close in December, with awards to be announced in April 2027. The scholarship supports eligible undergraduate students pursuing geological sciences within the Northeast Section's eight-state region, see [Pages 20-22 & 80-81](#) for more information. We encourage students, faculty members, and NE-AIPG members to keep watch for the announcements and to share this opportunity with qualified candidates.

Building Momentum Through Outreach and Collaboration - This autumn, we are looking to build momentum through stronger outreach, more member activities, and closer collaboration with geological organizations across the region. By working together, we can broaden participation, connect students and faculty with working professionals, share expertise, and create programs that reflect the interests and needs of the Northeast geoscience community.

We welcome and encourage ideas for joint events, field trips, speakers, webinars, student engagement, and other cooperative activities. If you or your organization would like to participate, present, volunteer, or collaborate, please contact us at info@ne-aipg.org.

Our next newsletter will be published in November. If you have interesting projects or take any geology-related trips that you can share, or have announcements for the News of Members section, the deadline to submit materials to the Editor is October 2nd. We hope to hear from you!

We look forward to a productive autumn of learning, connecting, and renewed engagement across the Northeast Section, and we hope to see you at one of our in-person or online events.

Thank you for being part of AIPG and the Northeast Section.

Wishing you a fabulous fall!
Kelly Weyer, NE-AIPG President

Court Strikes Down NYS Freshwater Wetlands Regulations (Part 664)

From John Nadeau, P.G., NYSCPG

On April 8, 2026, the Albany County Supreme court issued a decision annulling the New York State Department of Environmental Conservation's updated wetlands regulations (6NYCRR 664.) The regulations will not be enforced as adopted.

By way of background, these regulations stemmed from statutory language included in the 2022 state budget (Part QQ of Chapter 58 of the Laws of 2022). Prior to this amendment, only mapped wetlands were subject to State regulation. Following this change, "mapped and unmapped areas meeting the definition of a freshwater wetland . . . are regulated and subject to permit requirements." The ruling does not affect the 2022 law, but focused on the on the inadequate SEQRA review used to implement the regulations.

The case consolidated four related actions. The decision, written by Acting Supreme Court Justice Richard Platkin reviewed whether the Part 664 regulations were adopted in violation of the State's Administrative Procedure act, the body of law that specifies the process by which regulations must be promulgated. The case further reviewed whether the regulations violated the due process rights of landowners; whether the Part 664 regulations are arbitrary and capricious; whether Part 664 improperly delegates regulatory authority to private actors; and if the 2022 Amendments and Part 664 violate Home Rule principles.

Following a detailed examination of process by which DEC promulgated the regulations, the court identified fatal flaws in the process in which the regulations were promulgated. The case's seminal conclusion is stated thus:

"Having concluded that DEC did not adequately identify the relevant areas of environmental concern, did not take a "hard look" at them and did not make a reasoned elaboration of the basis for its determination of non-significance, the Court concludes that the subject action – the promulgation of the new Part 664 regulations – must be annulled for noncompliance with SEQRA"

More information on the ruling can be found at <https://iapps.courts.state.ny.us/nyscef/ViewDocument?docIndex=JeUznSoYH1Gz9KK0WghUgQ==>.

This decision did not invalidate the statutory underpinnings, and sets the stage for the regulatory process to begin anew. It is possible that the State appeals the Supreme Court ruling, which would stay this court's decision, and possible additional litigation. The NYSDEC could also issue an emergency rulemaking. NYSCPG will continue to monitor subsequent announcements regarding these regulations.

(End)

Northeast Section of the American Institute of Professional Geologists (NE-AIPG)

Leadership Opportunities Executive Committee and Standing Committees

Help Support the Future of Geology in the Northeast with the NE-AIPG

Whether you're ready to take on a leadership role or simply lend a hand on a committee, volunteering is a wonderful way to support the profession, build connections, and make a meaningful impact across our eight-state region. We are looking for members who can get involved, share ideas, and help keep the NE-AIPG active, connected, and growing.

If you are interested in getting involved or want to talk to someone about opportunities with the Executive Committee or other standing committees, please email us at info@ne-aipg.org.

See [Page 17](#) for open Executive Committee positions for the 2027/2028 two-year term and committee opportunities.

We are especially seeking our 2027/2028 President, Vice President, Secretary, and 3 At-Large members.

We plan to vote on the 2027/2028 Executive Committee in September/October, so act now!

(Leadership Opportunities continued on page 17)

NE-AIPG Executive Committee

President

- Lead Section meetings and Executive Committee meetings.
- Serve as the official spokesperson for the Section.
- Represent the Section professionally in official correspondence and documents.
- Appoint and support committee members.
- Help carry out policies, priorities, and directions set by the Executive Committee.

Immediate Past President

- Provide guidance and continuity based on prior leadership experience.
- Support current officers and committee leaders as needed.

Vice President / President-Elect

- Support the President and step into the President's duties when needed.
- Prepare to serve as the next President of the Section at the end of the VP term.
- Assist with leadership, planning, and continuity for Section activities.

Secretary

- Maintain Section records, bylaws, documents, correspondence, and meeting minutes.
- Record meeting minutes and decisions made by the Section and Executive Committee.
- Provide required notices and help keep members informed.
- Support communication and organization across Section activities.

Treasurer

- Manage Section financial records and account balances.
- Ensure funds are properly deposited and disbursements are properly made.
- Prepare annual financial statements and required financial reports.
- Work with the Executive Committee and Institute Treasurer to support sound financial stewardship.

At-Large Members

- Participate in Executive Committee meetings and help guide Section activities throughout the year.
- Assist with planning and events, such as Spring and Fall Meetings and Webinars.
- Provide input on Section governance, budgets, scholarships, licensure, and other priorities.
- Support or lead special initiatives such as membership recruitment, legislative monitoring, newsletter publication, or other Section projects.

NE-AIPG Committee Opportunities

Committee service is a great way to contribute without taking on an officer's role. Members with an interest in outreach, governance, membership, legislation, or professional development are encouraged to get involved.

Screening Committee

- Review applications, references, and inquiry materials with confidentiality and professionalism.
- Help verify applicant work experience, qualifications, and professional integrity.
- Maintain and forward files as required after final committee recommendations.

Nominating Committee

- Identify and encourage qualified Section members to serve as candidates for officer positions.
- Help strengthen the Section's leadership pipeline.
- Support a fair, thoughtful, and inclusive nomination process.

Regulation and Legislation Committee

- Monitor legislation, regulations, and licensing issues that may affect professional geologists.
- Bring important regulatory or governmental matters to the Executive Committee's attention.
- Support advocacy efforts consistent with AIPG's goals and policies.

Membership / Outreach Committee

- Develop and promote outreach opportunities for members, students, professional community, general public, etc.
- Encourage professional awareness, technical growth, idea sharing, and fellowship.
- Help plan and promote professional and educational meetings.

Publisher – Newsletter/Advertising

- Solicit and manage commercial advertisements from engineering firms, environmental consultants, environmental contractors, and related businesses.
- Collaborate with the Newsletter Editor and Directory of Members Editor to finalize the layout and design of Section publications.
- Coordinate digital distribution of the newsletter and directory and help ensure members and advertisers are notified by email.

Membership / Outreach Committee

- Develop and promote outreach opportunities for members, students, professional community, general public, etc.
- Encourage professional awareness, technical growth, idea sharing, and fellowship.
- Help plan and promote professional and educational meetings.

Meeting and Event Planning Committee

- ♦ Plan and support Section meetings and events, including Spring and Fall Membership Meetings and educational webinars.
- ♦ Help coordinate venues, registration, catering, audiovisual needs, schedules, advertising, and day-of event logistics.
- ♦ Assist with developing meeting themes, identifying speakers, and supporting professional development hour (PDH) opportunities for attendees.
- ♦ Work with Section officers to promote events through newsletters, email announcements, and member outreach.
- ♦ Gather feedback and help improve future events, networking opportunities, and meeting formats.

Directory of Members Editor

- Compile the membership list and format data received from AIPG National into an annual directory.
- Generate the digital design, layout, and annual publication of the Directory of Members.
- Coordinate with AIPG National and encourage members to keep their profiles current before the directory publication cutoff.
- Support Executive Committee needs by helping ensure member contact records are accurate and useful for Section operations.

Interested in serving? Email us at info@ne-aipg.org.

Please consider volunteering for an officer or committee position. You do not need to be on the Executive Committee to be a member of a committee. Your participation helps strengthen the Section, support the profession, and create valuable opportunities for our members.

**Angelo Tagliacozzo
Memorial Geological
Scholarship
2025-2026**

By Kelly Weyer, CPG-11826
Scholarship Chairperson

***The 41st Annual Angelo Tagliacozzo
Memorial Geological Scholarship
(ATMGS) season starts soon!***

The ATMGS application opens online in September 2026 and closes in early December 2026. In preparation, we are reviewing the online application form, content, instructions, and contact lists for distribution of the 2026-2027 ATMGS Announcements.

Once the ATMGS Application opens, announcement emails will be sent to colleges and universities across the eight states in the NE-AIPG region. After the application closes in early December 2026, the ATMGS Committee will review the applications from December 2026 to February 2027, and they will recommend awards for consideration and approval by the NE-AIPG Executive Committee and the ATMGS Board of Trustees during the March 2027 Executive Committee meeting.

We anticipate Award announcements will be made in March-April 2027, and funds will be dispersed in April-May 2027. Over the past five years, the

(ATMGS continued on page 21)

(ATMGS continued from page 20)

ATMGS program has awarded a total of \$98,500 to 53 students.

If you haven't donated to the ATMGS fund this year, we encourage you to consider supporting the fund. Your donation helps ensure we can continue providing meaningful scholarships to future geologists and to contribute to the strength and future of the profession. You can donate using the form on [Page 81](#), or online through the [NE-AIPG website](#).

For more information on the ATMGS, please visit the NE-AIPG's website <https://ne-aipg.org/> and contact us with any questions, at neaipg.atscholarship2@gmail.com.

Thank you to everyone who has supported the ATMGS program (through dollars or time) over the years, and an extra thank you to those that contribute every year!

Thank you to everyone who has supported the ATMGS program (through dollars or time) over the years, and an extra thank you to those who continue to contribute every year!

(ATMGS
continued on
page 22)

I would like to thank the Northeast Section of the American Institute of Professional Geologists for awarding me the Angelo Tagliacozzo Memorial Geological Scholarship. Awarding me this is part of what allows me to continue to study my passion for geology and attempt to make a difference in the world. This award will be used to fund my summer of 2026 field camp course, where we'll be studying geologic structures in Colorado and Utah. Again, I would like to thank your organization for the financial assistance, to allow me to follow my passion and learn more about Earth Sciences.

- Andrew Cuzzcrea

I am incredibly grateful to be a recipient of the Angelo Tagliacozzo Memorial Geological Scholarship. I want to recognize and thank the NE-AIPG Board, the ATMGS Committee, and the generous donors for supporting students such as myself. Recognition of this award encourages me to pursue pathways of geoscience and water resources. The NE-AIPG continues to make this generation of geologists feel welcome and supported. I am excited to move into my senior year and graduate with a degree in Geology and Environmental Science. This award will contribute to my school tuition and internship with the Vermont Geological Survey and Drinking Water and Groundwater Protection Division. Thank you again for your support, and congrats to the rest of the recipients!

Sincerely, Grace Calvelli

The Slayback Award

Anyone may provide written, descriptive nominations of candidates (and of their contributions to NE/AIPG) for the Slayback Award, by *CONFIDENTIALLY submitting the nomination in writing to any one of the previous recipients* (Dick Young, Dennis McGrath, Dan St. Germain, Tom West, Curt Kraemer, Bob Blauvelt, and Jeff Frederick).

The concept of the Russell G. Slayback Award is to provide: "Honor and Recognition of Exemplary Service, Above and Beyond, To the Northeast Section of AIPG." Thus, the Slayback Award is intended to be presented *on those rare occasions* when truly landmark, exemplary service has been given to the Northeast Section of AIPG for a protracted period of time by an AIPG Certified Professional Geologist who is a Member of the Northeast Section. "*On those rare occasions*" is the operative phrase, as the Slayback Award was never intended to be "*presented annually*."

Selection of Awardees is made by the previous recipients, in confidential discussions with the NE/AIPG Section President. Individual Members of the ExCom may be consulted for their input on a confidential basis. Confidentiality, to maintain the element of surprise in honoring the Recipient(s) and his/her/their long service, is a cornerstone concept of the Slayback Award.

Additionally, given that Russ was committed to helping/mentoring young Geologists and was a long-time, devoted proponent of the Northeast Section's Angelo Tagliacozzo Memorial Geological Scholarship Trust Fund, Donations In Memory and Honor of Russ Slayback may be made to the NE/AIPG Geological Scholarship Perpetual Trust Fund and should be written to: Angelo Tagliacozzo Memorial Geological Scholarship Trust Fund, and mailed to: NE/AIPG Geological Scholarship Trust Fund, c/o Scott Hulseapple, 679 Plank Rd, Clifton Park, NY 12065

Alternatively, you can make your Contribution, RIGHT NOW, ONLINE, by going to <https://ne-aipg.org/> and clicking "Donation To Scholarship Fund" (under Quick Links" on the home page). All Contributions to the Scholarship Trust Fund are invested, perpetually, with earnings thereon used solely for the Scholarship. NE/AIPG bears all costs of administration. Please ask your employer about matching your tax-free contribution and about additional corporate contributions.

For further information, contact Kelly Weyer:
neaipg.atscholarship2@gmail.com

(End)

NYSCPG NEWS

By John Nadeau (CPG-11181), Executive Director

NYSCPG continues to put the finishing touches on this year's Geology Days event. We are very grateful for the continued support and collaboration with NE-AIPG in hosting both field trips during the conference. The event will once again be held at the Holiday Inn in Saratoga Springs, New York. We are trying a different format this year by forgoing the keynote speaker dinner and adding a short course on Wednesday, November 11th. The short course, borehole Geophysics and Hydrogeologic Characterization for Multilevel Well Design and Construction, can be attended as part of Geology Days or separately as a one-day event. Registration for the conference and the short course continues through the end of October, or until it sells out. The last two years have reached hotel capacity by early October, so please register soon at www.nyscpg.com/geology-days-2026.

The 2026 legislative session ended on July 5th with minimal bills passing through both houses due to the extended budget negotiation. NYSCPG's lobbyist Campbell Wallace and the Legislative Committee worked hard at monitoring legislation and advocating for bills important to the organization and the profession.

NYSCPG has been lobbying the last couple of years for passage of two specific bills, [A5622/S6482](#) - the experience only pathway bill and [A2571/S620](#) - the grandfather geology bill. The pathway bill would eliminate the all-experience route for someone to apply to become a professional geologist and require a minimum of a bachelor's degree. The bill passed the Senate in March and was sent to the Assembly where it was subject to a lay aside, a procedural maneuver requiring the bill to be debated. In response to the Assembly lay aside, NYSCPG mobilized an aggressive advocacy strategy and successfully had the bill added to an Assembly debate list in early June, when it passed. It will now move to the Governor's desk for her review and potential signature before the end of 2026.

The grandfather firm is legislation to clarify the authority for grandfathered engineering firms to practice professional geology as such passed the Senate early this Session. Despite continuous and persistent advocacy alongside ACEC New York, and continued commitment to the issue by the Assembly sponsor, John McDonald (D-108), the bill remained in the Assembly Higher Education committee and did not advance. Repeated meetings with Assembly central staff revealed an ever-shifting list of concerns and objections seemingly unrelated to the details and substance of the bill. The Council remains committed to advancing this bill and will continue efforts on behalf of stakeholders.

NYSCPG saw the two-house introduction of legislation to continue the New York state geological survey as a bureau within the New York state science service ([S9601/A10978](#)). As I have written about in previous articles, the title of State Geologist is unfilled, and the office's structure precludes it from receiving certain Federal funds that support staff, harming the research mission of the State Museum. This proposed bill would define and organize the office of the State Geologist similarly to office of the State Biologist. This bill received interest late in the Session from the office of the Senate Education committee, through which the bill would move, but the newness of the

(NYSCPG News continued on page 27)

bill and complexity of the end of session prevented its advancement. After session had concluded, NYSCPG was asked to speak about the bill with David Lombardo of the Capitol Pressroom. You can listen to the interview on the podcast at <https://capitolpressroom.org/2026/07/09/the-case-for-updating-new-yorks-geological-office/>. The Council will continue its efforts to advance the bill next year.

The NYSCPG Outreach Committee runs a similar mission to AIPG in that it is working to prepare the geologist of the future for the field. The group is currently seeking volunteers for participation in Student Outreach and working with Young Professionals. Whether you are a recent grad who wants to work with students, or a seasoned professional who can help mentor geologists on their path to professional status, please consider giving of your time with this critical task. The committee is looking for volunteers to focus on the following three specific areas:

Student Outreach (College)

- ♦ Volunteers who are comfortable speaking at colleges, participating in career fairs, or attending student networking events on behalf of NYSCPG.
- ♦ Volunteers interested in helping develop a schedule of in-person and virtual programs for college students, ideally three to four events per year, focused on preparing future geologists for the workforce and professional licensure.

Student Outreach (High School)

- ♦ Volunteers who are comfortable speaking with high school students about careers in the geological sciences, educational pathways, and recommended coursework in high school and college.
- ♦ Individuals interested in helping introduce students to the wide range of opportunities available within the profession.

Young Professional Outreach

- ♦ Volunteers to assist in developing a regular schedule of programs for early-career geologists, including résumé workshops, PG application and write-up workshops, networking events, and professional development sessions.
- ♦ Volunteers interested in creating mentoring opportunities and fostering connections between experienced professionals and the next generation of geologists.

If you would be interested to connect with students in High School and College, and with young professionals pursuing or considering a career in the geologic sciences, please join the committee at <https://nyscpge.memberclicks.net/outreach-committee-form>.

As always, please reach out to me with any questions or comments via email at jnadeau@nyscpge.com or by phone at 518-579-6580.

Regards,

John M. Nadeau, PG
NYSCPG Executive Director

Ph. 609.987.1400 Fax 609.987.8488

I am incredibly honored to have been selected as one of the recipients of the Angelo Tagliacozzo Memorial Geological Scholarship this year. As a first-generation student financing a portion of my education, I am deeply grateful for the support that the NE-AIPG provides to students pursuing careers in the geological sciences. This scholarship will greatly assist me in continuing my studies at Bates College, where I am pursuing a double major in Earth and Climate Sciences and Physics. I look forward to using this award to help me fund my summer housing and summer related expenses while I pursue research projects central to my academic and professional development. This

summer, I will begin research with Prof. Beverly Johnson on a project titled "A Two-Eyed Seeing Approach to Welimahaskil (sweetgrass – *Hierochloe odorata*) Habitat Characterization and Expansion", which represents the beginning of my senior thesis as an Earth and Climate Sciences major. In addition, I will be working in Bates College's spectroscopy laboratory through a project funded by the American Chemical Society, conducting research focused on improving models for the absorption spectrum of methane to support atmospheric greenhouse gas measurements. I hope to become a geoscientist whose work reflects the honor that it is for me to receive this scholarship. I am truly grateful for the investment you have made in my education and in the future of many more young geologists. I hope to continue honoring the mission of this scholarship through my dedication to the field and my future contributions as a geoscientist.

Sincerely, Alessandra Fariñas Valladares

I am incredibly grateful and honored to receive this year's Angelo Tagliacozzo Memorial Geological Scholarship. Your generous backing provides me with the support to stay curious and dedicate time to my education. This April, Brooklyn College's student-led Geology Society facilitated a field experience trip to Iceland. This scholarship afforded me this incredible experience and provided me with the ability to learn about dynamic plate boundaries, volcanology, and public-facing Earth science education. Thank you, NEAIPG, for your unyielding support for all geoscientists!

Kindly, Ema Marin

NE-AIPG Fall Meeting: Friday, October 2, 2026

-Herkimer Diamonds -

Afternoon field trip and dinner meeting.

PDHs offered for the field trip and after-dinner talk.

Registration is open at <https://ne-aipg.org>.

Topic: Preliminary Re-examination of the Upper Cambrian Little Falls Dolostone & Quartz Crystal Occurrence Using High-Accuracy Mapping and Coring Techniques.

Schedule: Field Trip 12:00-4:30 PM; Social/Networking & Dinner 5:00-7:00 PM; Presentation 7:00-8:00 PM.

Where: Field Trip to two site locations - Little Falls and Fonda, NY; Dinner - Rustic Loft Pub and Grill, 4740 NY-30, Amsterdam, NY 12010.

Expected Field Trip Conditions: Site locations and meeting details will be sent to registrants. Expect roadside/slightly off-road parking, unpaved uneven walking through some areas of vegetation or obstructions, and no bathrooms or facilities. Wear sturdy closed-toe shoes and appropriate clothing. Questions: info@ne-aipg.org.

Presenters: Bill Stephens, PG, Stephens Environmental Consulting, Inc.; David Tibbits, PhD Candidate, Rutgers University.

Learning Objectives: Learn how modern surveying, mapping, coring, isotope geochemistry, and related field methods can map stratigraphy at high accuracy, date unconventional materials, and target productive mining zones.

Abstract (condensed): Survey-grade GPS, robotic total stations, drone photogrammetry, LIDAR, and portable diamond coring are being applied to the Upper Cambrian Little Falls Dolostone and its Herkimer Diamond quartz crystal occurrences. The project revisits earlier stratigraphic and bedrock mapping work to improve understanding of depositional setting, structure, and crystal-bearing horizons.

The presenters are coordinating high-accuracy mapping and coring at multiple mines to build detailed maps, stratigraphic positions of crystal-bearing zones, and a geochemical framework using isotope, fluid-inclusion, and geochronology data.

Attendees will view outcrops and mine exposures during the field trip, then attend an evening presentation on mapping, stratigraphic analysis, and structural data methods.

(Fall Meeting continued on page 50)

What is a Qualified Charitable Distribution?

*Use QCDs to manage your
Required Minimum Distribution
from an IRA*

Did you know there is a way to support The Angelo Tagliacozzo Memorial Geological Scholarship Perpetual Trust Fund (ATMGS) and enjoy meaningful tax benefits even if you do not itemize your deductions?

If you're age 70½ or older, a special giving option called a Qualified Charitable Distribution, sometimes called an IRA Charitable Rollover, allows you to make a tax wise gift directly from your Individual Retirement Account. It's a powerful opportunity to create an immediate impact for the ATMGS' mission to grant Scholarships to undergraduate geology students annually.

Why a QCD Might be Right for You

Typically, any withdrawal from your IRA counts as taxable income. But when you make a QCD, the amount you give is not included in your taxable income, which can offer you the same benefit as a charitable deduction without needing to itemize it on your tax return. In fact, for many donors, a QCD can be even more advantageous than a standard charitable deduction because reducing your taxable income may also help you avoid higher taxes on your Social Security benefits and lower your Medicare premiums. Additionally, if you're required to take Required Minimum Distributions from your IRA, a QCD counts toward your RMD without increasing your taxable income.

QCD at a Glance

To make a QCD gift to the ATMGS, here's what you need to know:

- ♦ You must be 70½ or older at the time of your gift.
- ♦ Your gift must be sent directly from your IRA to The Angelo Tagliacozzo Memorial Geological Scholarship Perpetual Trust Fund .
- ♦ You can give up to US \$108,000 through a QCD.
- ♦ If your spouse has their own IRA, they can contribute up to US \$108,000 too.

Make a Difference Easily

Making a QCD is usually as simple as filling out a form on your IRA administrator's website. Request a direct transfer to The Angelo Tagliacozzo Memorial Geological Scholarship Perpetual Trust Fund , and your gift will start working immediately to support undergraduate geology students acquainting young geologists with AIPG and with AIPG's importance to the geological profession, like Angelo aspired to accomplish.

Please see [Pages 80-81](#) to learn more about ATMGS & donating

THE NYSCPG PRESENTS

GEOLOGY DAYS 2026

SARATOGA SPRINGS

NOVEMBER 11 - 13

**Registration Is Open Until
November 1st**

Geology Days is the NYSCPG's annual conference, consisting of over a dozen Continuing Education opportunities, focused networking at both the Icebreaker and throughout the event, a four-hour short course, topical Field Trips, and a chance to catch up with both friends and other Design Professionals. Registration is open until November 1st, if space is available, at [NYSCPG.com/geology-days-2026-registration](https://nyscpge.com/geology-days-2026-registration).

The schedule for this year's event will be slightly different from years past. The event start date has been extended to begin one day earlier on Wednesday, November 11th, with a short course: *Borehole Geophysics and Hydrogeologic Characterization for Multilevel Well Design and Construction*, approved for 4 PDH. Registration for the short course is available to both conference attendees and non-attendees separately or through the registration form; the field trips will only be available for Geology Days attendees through the registration form.

CONTACT US:

Email John Nadeau at jnadeau@nyscpge.com, Matt Pugliano support@nyscpge.com, or call 518-579-6580 for questions about membership, registration, sponsorship, or general matters.

The annual membership meeting will take place immediately following the short course. All current and potential members are encouraged to participate. There will not be a scheduled dinner to allow for more time to enjoy Saratoga Springs. Field trips will take place Thursday and Friday morning and will provide at minimum 3 PDH. The Conference will take place at the Saratoga Springs Holiday Inn. Space is limited; additional room block information and updates about the event will be posted to the event page on [NYSCPG.com](https://nyscpge.com) as well as the NYSCPG LinkedIn.

THE NYSCPG PRESENTS

GEOLOGY DAYS 2026

(Geology Days continued on from page 35)

SARATOGA SPRINGS
NOVEMBER 11 - 13

INTRODUCTION

The New York State Council of Professional Geologists (NYSCPG) invites you to attend the Fifth Annual Geology Days Conference.

Join over 300 professionals at the Holiday Inn in Saratoga Springs from Wednesday, November 11- Friday, November 13. Information regarding the specifics of the conference can be found in this Announcement and any future updates can be found on the [Geology Days Page](#) of our website www.nyscp.org.

Approved conference presentations will provide continuing education (PDH) credit for NYS Design Professionals (geologists, engineers, etc.). NYSCPG will also submit courses for Connecticut LEP credit approval. Requests to receive CTLEP credit can be submitted on the event registration form.

ANNUAL MEMBERSHIP MEETING

Join the NYSCPG Board of Directors for the Annual Membership meeting from 2:30 pm to 4:30 pm on Wednesday, November 11. Discussions will include the current state of the organization and the profession in New York, where the organization plans on improvements for the near future, and how you can help. Members and potential members are encouraged to attend.

TENTATIVE

CONFERENCE SCHEDULE

Wednesday, November 11th

9:30 am - 2:00 pm	Optional Short Course <i>Separate Registration Required</i>
2:30 pm - 4:30 pm	Annual Member Meeting
5:00 pm - 7:00 pm	Ice Breaker Reception

Thursday, November 12th

7:00 am - 8:00 am	Breakfast
7:30 am - 12:00 pm	Field Trip <i>Separate Registration Required</i>
8:00 am - 5:00 pm	Technical Presentations

Friday, November 13th

7:00 am - 8:00 am	Breakfast
7:30 am - 12:00 pm	Field Trip <i>Separate Registration Required</i>
8:00 am - 5:00 pm	Technical Presentations

The Transformative Power of Commitment

Inspiration from the words of renowned author Kenneth Blanchard:

"There's a difference between interest and commitment. When you're interested, you do it only when it's convenient. When you're committed, you accept no excuses; only results."

These words underscore the transformative power of commitment.

March 2026 MEETING MINUTES NE SECTION – AIPG
EXECUTIVE COMMITTEE MEETING

Monday 3/2/2026, 4pm-5:30pm, Location: online Zoom

Kelly Weyer*	Nicholas Legere*	Lou Russo*	Mitchell Ward*
Jennifer Rhee*	Trevor Gowan*	Martin Derby*	Scott Hulseapple*
Jim Ridenour*	Stacy Stieber*	Dick Young	
*Voting ExCom Members (quorum is 6/10) President-Elect 2025/2026 position needs to be filled			

Called to order at 4:03 pm

Welcome Statements and Announcements

- ◆ Discussions/Suggestions
 - ◇ None

Secretary's Report (Minutes):

- ◆ Secretary's Comments
 - ◇ Draft January 2026 Executive Committee meeting minutes distributed on 1/13/26. Stacy and Kelly brought to my attention that I had incorrect names for the Executive Committee members who made motion and seconded motion to approve the Final October 2025 Meeting Minutes. Jim Ridenour confirms that he made the motion. Kelly will verify with Martin Derby if he seconded the motion to approve those minutes. Vote to Finalize will follow.
 - ◇ Vote to approve Final January 2026 Executive Committee Meeting Minutes will follow corrections.

Treasurer's Report

- ◆ Treasurer's Comments
 - ◇ Scott Hulseapple to file expenditures by April.
 - ◇ Section and Angelo Fund financial reports .
 - ◆ 2.5% of Vanguard fund would be about \$11,000 that can be applied to scholarships .

Reports from Committees

- ◆ Nominations
 - ◇ Identify a VP/President-Elect to finish the 2025/2026 term and move into President for 2027/2028.
 - ◇ Identify Secretary and 3 At-Large members for the 2027/2028 term .
 - ◇ Treasurer position could be transferred also if there is interest .
- ◆ Angelo Tagliacozzo Memorial Geological Scholarship (ATMGS)
 - ◇ Kelly Weyer gives update.
 - ◆ Committee included 6 reviewers and 13 qualified applicants.
 - ◆ Committee suggests 8 awards, for a total of \$17,000. The approved budget was \$16,000, so alternate proposal would be 8 awards for a total of \$16,000.
 - ◆ Discussion of the 2025/2026 ATMGS Committee's Award Suggestion and funding after Committee report.
 - ◆ Treasurer notes that \$12,000 is about 2.75% of Vanguard fund. \$5,000 was budgeted from the section fund. The full suggested \$17,000 award should be feasible.
 - ◆ Stacy Stieber made a motion to adjourn the Executive Committee meeting. Scott Hulseapple seconded the motion. Executive Committee meeting adjourned at 5:13 pm.
- ◆ Board of Trustees
 - ◇ Board of Trustees breakout meeting called to order at 5:14 pm.
 - ◇ Mitch Ward made a motion to fund the 2026 scholarships as suggested (8 applicants for a total of \$17,000) as follows: \$5,000 from the Section fund and \$12,000 from the Angelo fund. Scott Hulseapple seconded the motion. No discussion. Vote to apply funds as stated passed.
 - ◇ Scott Hulseapple made a motion to adjourn the Board of Trustees breakout meeting. Mitch Ward seconded the motion. Board of Trustees breakout meeting adjourned at 5:15 pm.

(Minutes continued on page 41)

(Minutes continued from page 40)

- ◆ Executive Committee section meeting called to order at 5:16 pm.
 - ◇ Trevor Gowan made a motion to fund the 2026 scholarships as suggested (8 applicants for a total of \$17,000) as follows: \$5,000 from the Section fund and \$12,000 from the Angelo fund. Lou Russo seconded the motion. No discussion. Vote to apply funds as stated passed.
- ◆ Publications
 - ◇ Update on Publications, Advertising Sales & Income. Payments received from 14 advertisers.
 - ◇ Spring (April) Newsletter content to editor by March 13, April 6 E-mail to Members.
 - ◇ Ongoing items – Keep website access to newsletters up to date and continue uploading newsletters to ISSUU for additional archiving.
- ◆ Meetings/Webinars/Events Committee
 - ◇ Executive Committee Meeting Schedule. 4pm to 530pm
 - ◆ Spring Meeting Wednesday April 15
 - ◆ Executive Committee Meeting Monday May 4
 - ◆ Executive Committee Meeting Monday July 6 (Monday after 4th of July weekend)
 - ◆ Executive Committee Meeting Monday September 14 (Labor Day; is first Monday on 9/7)
 - ◆ Executive Committee Meeting Monday October 5
 - ◆ Fall Meeting early October
 - ◆ Executive Committee Meeting Monday December 7
 - ◆ Executive Committee Meeting Monday March 2
 - ◇ PDH Webinar
 - ◆ Review February 11th webinar. 36 registered and 34 attended. 30 received PDHs.
 - ◆ Need speakers and dates for additional webinars this year.
 - ◆ Nicholas Legere connected with a USGS representative who is interested in presenting.
 - ◆ Continue with Spring 2025 Costs for member/non-member w/PDH \$25/\$40, no PDH \$20/\$35

Layne Christensen's well-trained field crews and experienced staff work with clients to:

- Develop new water sources
- Rehabilitate existing wells, through either chemical or mechanical processes
- Provide pump service (new sales, repairs and installation)

Layne Christensen's professional engineers can assist in determining an appropriate treatment technology. We then fabricate systems scaled to each client's requirements.

NE-AIPG is working to keep you informed.

Although NE-AIPG is an *all-volunteer group*, we do our best to keep the Event Calendar and content on the <https://ne-aipg.org/> website up to date, and to send emails with upcoming events and announcements.

On the Northeast Section's website, you can also find archived Newsletters, links to AIPG's job board and mentoring program, and information on the Angelo Tagliacozzo Memorial Geological Scholarship (ATMGS) and on Advertising in our Newsletters. Please check the website regularly, and watch your emails for updates!

AIPG's Mentoring Program

Do you know AIPG has a Mentoring Program for AIPG Members at all levels of their careers?

Are you looking for advice as you start your career, or consider a career change, or retirement?

Are you enjoying a successful career and are able to provide advice or support to others as a Mentor?

AIPG's Mentoring Program is designed to encourage discussions between AIPG members.

You can participate in the program as a Mentor, a Mentee, or both!

For more details, visit

<https://aipg.org/page/MentoringProgram!>

WE WANT YOU TO SHARE YOUR NEWS!

With over 500 Geologists in the NE Section of AIPG, we want to know what has been happening in YOUR workplace and life .

Help us by sending a short blurb to publisher Dick Young at ryoungnj@aol.com or editor Kim Burger at kburger@rouxinc.com. Your story will be part of the next Newsletter.

Need an idea?
Just email Dick or Kim!

**We cannot
wait to hear
about your
news!**

GEOLOGY DAYS 2026 SPONSORSHIP

Conference Sponsorship Opportunities are available now. The Sponsorship Signup Deadline is September 11th, 2026.

SIGN UP AS A CONFERENCE SPONSOR HERE

NYSCPG is offering limited exhibit table space for companies to set up displays at the conference. Table Space comes with one free Exhibitor registration, additional exhibitors may register at a \$250 rate. Exhibitors are required to register for the event through the NYSCPG website.

Additional information about Sponsorship and Exhibitors can be found in the 2026 Sponsorship Information linked [here](#).

THANK YOU TO OUR SPONSORS

Gold Sponsor: Alpha Geological Services, D.P.C.

Silver Sponsor: Specto Technology

Bronze Sponsor: AST Environmental, Inc. |

Midwest GeoSciences Group | Matrix Environmental Technologies, Inc. | Pace Analytical Services | TerraTherm

Field Trip Sponsor: NE-AIPG

HOTEL INFORMATION

Holiday Inn Saratoga Springs

232 Broadway Saratoga Springs, NY, 12866

Use code GEO when making your reservation

ACCESS THE HOTEL WEBPAGE HERE

ATTENDEE REGISTRATION INFORMATION

Each person attending any part of the technical conference must register for the conference. **The registration fee covers the Icebreaker reception, AM/PM breaks, breakfasts and lunches on Thursday and Friday.**

There will not be a scheduled dinner for Geology Days 2026 to allow attendees to enjoy an additional evening in Saratoga.

All attending non-technical spouses and friends must be registered as "guests" for any events. We recommend registering early as Geology Days has frequently sold-out.

Consider becoming an NYSCPG member to qualify for a lower registration rate.

<https://nyscp.com/Join-Us>

REGISTRATION DATES

June 17th - Early Bird Registration Opens

August 1st - Regular Rate Registration Opens

November 1st - Registration Closes

Registration Type	NYSCPG Member	Non-Member	Regulator
Early Bird Registration (June 17 - Aug 1)	\$350	\$550	\$200
Regular Registration (Aug 1 - Oct 31)	\$425	\$625	\$275
Late Registration (Nov 1)	\$500	\$700	\$350

Registering November 1st- 4th, if space is available, will incur a \$75 late fee.

Support Our Advertisers and Sponsors!

The Executive Committee reminds all our members to support the companies that advertise in this Newsletter and generously sponsor our meetings. Their support represents a major contribution that helps the Northeast Section continue its mission to promote the profession and build the cornerstone of our Section, the *Angelo Tagliacozzo Memorial Geological Scholarship Perpetual Trust Fund*. It is our advertisers and sponsors who make our Newsletter so successful and well-distributed, reaching more than 600 members across eight states.

Please let our advertisers and sponsors know you appreciate them by working with these companies whenever possible. Be sure to personally acknowledge their support when you speak with their representatives, and mention you saw their ad or sponsorship in our Newsletter.

Thank you to all our advertisers and sponsors!

Sponsorships available Get company exposure to regional geologists, and help keep our meeting costs low

Meeting attendance is not required for a sponsorship.

DIAMOND LEVEL SPONSORSHIP...\$300.00

Included in Sponsorship:

- One registration for the event (although one registration is included, attendance is not required for a sponsorship). Includes PDH for registrant, as appropriate (pending NYSCPG approval for PGs and Design Professionals, must be in attendance for the entire talk).
- Company logo in marketing materials, such as flyers, emails, on the NE-AIPG website, and displayed during the meeting.
- Acknowledgement at the meeting and in the NE-AIPG's quarterly newsletter.
- Company can present an introduction at the meeting. This is not intended to be a full presentation; rather, a few minutes will be allowed for a representative to give a brief introduction to the company and its services.

QUARTZ LEVEL SPONSORSHIP...\$150.00

Included in Sponsorship:

- One registration for the event (although one registration is included, attendance is not required for a sponsorship). Includes PDH for registrant, as appropriate (pending NYSCPG approval for PGs and Design Professionals, must be in attendance for the entire talk).
- Company logo in marketing materials, such as flyers, emails, on the NE-AIPG website, and displayed during the meeting.
- Acknowledgement at the meeting and in the NE-AIPG's quarterly newsletter.

(Minutes continued from page 41)

- ◇ Spring Meeting with HMPGA on Wednesday, April 15th.
 - ◆ Will be held in Latham, NY. Plans are in the works. Field trip being determined.
 - ◆ Student/Professional focused. Looking for sponsors.
- ◇ Fall Meeting in October – start gathering ideas and setting plans.
- ◆ Student/Professional outreach/mentoring, Student Chapters
 - ◇ Open discussion.
 - ◆ E.g., campus visits, presentation about geology career, recommendations for geology students seeking career, faculty sponsor connections, etc. .
 - ◆ Syracuse University's interest in a visit was mentioned again.
 - ◆ Dormant Student Chapters listed on AIPG website – need to update or remove information.
 - ◇ City University of New York at Brooklyn College, Brooklyn, New York, Founded in 2018; Chapter Sponsor: Jennifer Rhee (nee Becker), MEM; Faculty Sponsor: Matthew Grab
 - ◇ New Paltz State University of New York, New Paltz, New York, Founded in 2017; Chapter Sponsors: Christopher Brown, CPG and Gordon Magenheimer, CPG; Faculty Sponsor: Dr. Shafiu Chowdhury
 - ◇ SUNY Geneseo, Geneseo, New York, Founded in 2015; Chapter Sponsor: Dennis McGrath, CPG; Faculty Sponsor: Nicholas Warner

Correspondence

- ◆ No new correspondence reported.

Old and New Business (and Ongoing Items)

- ◆ Keeping website updated.

Closing Statements and Final Thoughts

- ◆ Next Executive Committee meeting – Monday, May 4, 2026, 4-5:30pm, Zoom .

Adjourn meeting at 5:21 pm. Stacy Stieber made a motion to adjourn the Executive Committee meeting. Lou Russo seconded the motion. No discussion.

(Minutes continued on page 54)

Coming Soon – NH Geology: From the Capital to the Whites

NE-AIPG is developing a webinar series exploring the geology and geologic history of New Hampshire, with particular emphasis on the White Mountains.

The series will bring together geologists from the New Hampshire Geological Survey and regional academic institutions to explore the state's geology from several complementary perspectives. Presenters currently include:

- ◆ Rebecca LeCain of the New Hampshire Geological Survey
- ◆ Dyk Eusden of Bates College
- ◆ Meredith Kelly of Dartmouth College

Topics are expected to progress from the history of geologic exploration in New Hampshire and the current work of the New Hampshire Geological Survey, through the bedrock and glacial/surficial geology of the White Mountains, and into research examining climate and ecological conditions during the Pleistocene-Holocene transition.

The webinars are currently being scheduled, with additional details, presentation titles, and registration information to follow. Watch <https://neaipg.starchapter.com/meetinginfo.php> for updates.

(End)

May 2026 MEETING MINUTES NE SECTION – AIPG
EXECUTIVE COMMITTEE MEETING
Monday 5/4/2026, 4pm-5:30pm, Location: online Zoom

Kelly Weyer*	Nicholas Legere*	Lou Russo*	Mitchell Ward
Jennifer Rhee*	Trevor Gowan*	Martin Derby*	Scott Hulseapple*
Jim Ridenour*	Stacy Stieber*	Dick Young	
*Voting ExCom Members (quorum is 6/10) President-Elect 2025/2026 position needs to be filled & VP is vacant			

Called to order at 4:08 pm

Welcome Statements and Announcements

- ◆ Discussions/Suggestions
 - ◇ None

Secretary's Report (Minutes):

- ◆ Secretary's Comments
 - ◇ Draft March 2026 Executive Committee meeting minutes distributed on 1/13/26. Stacy and Kelly resent the draft minutes along with the agenda today. Motion to approve March 2026 minutes was made by Jim Ridenour, motion seconded by Scott Hulseapple.
 - ◇ Vote to approve Final March 2026 Executive Committee Meeting Minutes was approved pending Secretary confirmation that no changes were made post-distribution .

Treasurer's Report

- ◆ Treasurer's Comments
 - ◇ Scholarships were funded with \$12,000 from Vanguard fund and \$5,000 from the Section as voted during the last meeting. Checks were written and sent to scholarship recipients. Two checks needed to be re-issued because of an issue with the bank which has been rectified .
 - ◇ Section and Angelo Fund financial reports .
 - ◆ Dues from National have not yet been received. Typically received late-May to early June .

Reports from Committees

- ◆ Nominations
 - ◇ Identify a VP/President-Elect to finish the 2025/2026 term and move into President for 2027/2028.
 - ◇ Identify Secretary and 3 At-Large members for the 2027/2028 term .
- ◆ Angelo Tagliacozzo Memorial Geological Scholarship (ATMGS)
 - ◇ Scholarship to open again in September 2026
 - ◇ Need to identify committee members to review next round of applications.
- ◆ Publications
 - ◇ Update on Publications, Advertising Sales & Income. No new payments received from advertisers since last meeting, but several payments are expected.
 - ◇ 2026 NE-AIPG Directory has been completed by Editor Curt Kraemer, proofed by Dick Young, and will be issued very soon.
 - ◇ NE-AIPG Spring Newsletter DRAFT has been updated and re-issued (after the Spring Meeting) by Editor Kim. Review is underway by Dick Young and Kelly Weyer. Newsletter will be issued shortly.
 - ◇ Autumn newsletter content due to Editor by July 16.
- ◆ Meetings/Webinars/Events Committee
 - ◇ Executive Committee Meeting Schedule. 4pm to 530pm
 - ◆ Executive Committee Meeting Monday July 6 (Monday after 4th of July weekend)
 - ◆ Executive Committee Meeting Monday September 14 (Labor Day; is first Monday on 9/7)

(Minutes continued on page 55)

(Minutes continued from page 54)

- ◆ Spring Meeting Wednesday April 15
- ◆ Executive Committee Meeting Monday May 4
- ◆ Executive Committee Meeting Monday July 6 (Monday after 4th of July weekend)
- ◆ Executive Committee Meeting Monday September 14 (9/7: Labor Day is 1st Monday)
- ◆ Executive Committee Meeting Monday October 5
- ◆ Fall Meeting early October
- ◆ Executive Committee Meeting Monday December 7
- ◇ PDH Webinar
 - ◆ Need speakers and dates for additional webinars this year.
 - ◆ Nicholas Legere connected with a USGS representative who is interested in presenting. Possible series of New Hampshire geology webinars to include other speakers as well.
 - ◆ Continue with Spring 2025 Costs for member/non-member w/PDH \$25/\$40, no PDH \$20/\$35.
- ◇ Spring Meeting with HMPGA on Wednesday, April 15th.
 - ◆ Field trip, evening presentation and poster presentation, approximately 6 posters from two schools, Oneonta and Skidmore.
 - ◆ NE-AIPG had table at conference.
 - ◆ Intend to keep joint conference model (HMPGA/NEAIPG) going in 2027.
- ◇ Fall Meeting in October – start gathering ideas and setting plans. Dick mentioned Lamont-Dougherty.
- ◆ Student/Professional outreach/mentoring, Student Chapters
 - ◇ Open discussion.
 - ◆ Best to meet with students early in the school year (Fall Semester), e.g., campus visits, presentation about geology career, recommendations for geology students seeking career, faculty sponsor connections, etc.
 - ◆ Nick is looking into reaching out to professor at Dartmouth about a possible chapter there.
 - ◆ Check with colleges/universities to determine who still have active Geology Departments. Reach out to Department heads.
 - ◆ Other Community outreach events should be considered as well for future involvement.
 - ◆ Syracuse University mentioned interest last year.
 - ◆ Dormant Student Chapters listed on AIPG website – need to update or remove information.
 - ◇ City University of New York at Brooklyn College, Brooklyn, New York, Founded in 2018; Chapter Sponsor: Jennifer Rhee (nee Becker), MEM; Faculty Sponsor: Matthew Grab
 - ◇ New Paltz State University of New York, New Paltz, New York, Founded in 2017; Chapter Sponsors: Christopher Brown, CPG and Gordon Magenheimer, CPG; Faculty Sponsor: Dr. Shafiq Chowdhury
 - ◇ SUNY Geneseo, Geneseo, New York, Founded in 2015; Chapter Sponsor: Dennis McGrath, CPG; Faculty Sponsor: Nicholas Warner

Correspondence

- ◆ No new correspondence reported other than fund statement.

Old and New Business (and Ongoing Items)

- ◆ Keep website updated.
- ◆ No new business reported.

Closing Statements and Final Thoughts

- ◆ Next Executive Committee meeting – Monday, July 6, 2026, 4-5:30pm, Zoom.
- ◆ Discussion on renewal of at-large positions and finding new volunteers for the Executive Committee, reminder that we are seeking a new VP/President-Elect.

Adjourn meeting at 5:01 pm. Lou Russo made a motion to adjourn the Executive Committee meeting. Scott Hulseapple seconded the motion. No discussion.

(End)

On **Saturday, September 19**, I'll be going **Over The Edge for Clean Water** for the third time—and I hope you'll consider joining me.

For the past two years, I experienced firsthand what it feels like to step over the edge of a 20-story building in support of

something bigger than myself. This year, I'm doing it again because protecting New Jersey's clean water is worth taking the challenge. You can join this thrilling experience to protect clean water in New Jersey, too!

[WATCH MY VIDEO: Why I'm Going Over The Edge Again](#)

There are still several ways you can be part of making an impact:

Take the challenge. Register to rappel 20 stories and raise funds to protect our state's clean water and the New Jersey Highlands.

Support a participant. Make a donation and help someone (like me?!) reach their fundraising goal.

Spread the word. Invite a friend, family member, coworker, or fellow adventurer to join the challenge.

With less than four weeks to go, **now is a great time for you to get involved.**

Thank you for helping us protect the New Jersey Highlands and Make Every Drop Count.

It Appears That Other Geology Professional Organizations Are Having Challenges Filling Leadership Roles

The Eastern Section of AAPG is seeking dedicated volunteers to join our leadership team. Since our founding in 1971, our mission has been to advance the science and application of geology in the exploration and development of petroleum and natural gas. We are committed to carrying that mission forward, but our strength comes from the engagement of our members. A dynamic and active Eastern Section is essential to supporting a strong regional geologic community. We invite you to consider volunteering—your involvement will help strengthen our profession and broaden your professional network.

Here is a current list of ESAAPG officer and support roles including details about the vacant and soon to be vacant positions:

- President: Valerie Beckham-Feller (term ends fall 2026)
- Vice President: Vacant
- Secretary: Vacant
- Treasurer: Ashley Douds (term ends fall 2026)
- AAPG Advisory Council Representative: Vacant
- Awards Committee, 3 spots: Kristin Carter, Phil Dinterman, Vacant

We must have a minimum of 2 candidates for all elected positions to run the election in Sept/Oct. Please contact Valerie or Ashley if you are interested in an ESAAPG Leadership Role. Visit our website at www.esaapg.org.

What is AIPG's Mission?

The mission of the Institute shall include:

- ♦ Advancing the geological sciences and the profession of geology;
- ♦ Establishing qualifications for professional geologists;
- ♦ Certifying the qualifications of specific individual member geologists to the public;
- ♦ Promoting high standards of ethical conduct among its members and adjuncts and within the profession of geology; and
- ♦ Representing and advocating for, the geological profession before the government and the general public.

PIGGYBACKING: SERVICE EXPANDED FOR NE/AIPG ADVERTISERS!

The NE/AIPG Newsletter has again expanded its Piggybacking options offered to Advertisers. Advertisers can include promotional flyers or brochures along with NE/AIPG's normal distribution of the Newsletter.

Piggybacking gives NE/AIPG Advertisers a cost-effective way to get their promotional material into the hands of NE/AIPG's targeted audience of decision-makers. That audience encompasses over 600, including ~500 NE/AIPG Members and Applicants throughout New York, New Jersey, and the six New England states, as well as ~40± AIPG National and Section Officers, plus over 60 Advertisers, and others. NE/AIPG Members benefit from keeping current on available and innovative products and services.

Piggyback Rates for digital issues (see <http://issuu.com/neaipg/docs>):

1. A "Full Page" (~8" high by 5" wide) Space in Full Color costs \$125 per issue.
2. A "Double Full Page" (~8" high by 10" wide) Space in Full Color costs \$225 per issue.
3. A "Quad Full Page" (2 Doubles of ~8" high by 10" wide each) Space in Full Color costs \$425 per issue.

To schedule your Piggyback promotion, or to learn more, just call Dick Young at 973-335-2289 or e-mail RYoungNJ@aol.com.

AIPG's Career Center

Did you know AIPG has a Career Center?

Services include a job board for posting and searching for jobs, resume reviews, and more!

Please Verify Your Info in the 2026 Northeast Section AIPG Directory of Members!

The 2026 Northeast Section AIPG Directory of Members (DOM) was published on 5/7/26. Members' information in the 2026 DOM was based on information from the AIPG National database, effective February 15, 2026. The NE Section does not maintain its own separate database.

The DOM Editor and Publisher heartily encourage each Member to review (and modify, if appropriate) their personal information in the AIPG National database. To do this, simply:

1. Go to the AIPG National website and log in;
2. Locate the slightly different color box with the heading of "My Profile";
3. Click on the "Manage Profile" subheading;
4. Edit any of your personal information; and
5. At the very bottom of the page, click on "Save Changes".

Your AIPG National database information will have been updated. If you do this before February 1, 2027, your current information will be included in the 2027 NE-AIPG DOM.

ALSO – MEMBERS OF THE SAME COMPANY SHOULD GET TOGETHER TO MAKE SURE THEY USE THE EXACT SAME SPELLING AND NOMENCLATURE FOR COMPANY NAME. Every character and every space in a name makes a difference. In the 2025 NE-AIPG DOM, two members working for the same company were listed in two separate companies – the only difference in the company names was a simple “,” (yes, that’s a comma) – everything else was identical. When Members in the same company report company names that are similar, but not the same, those Members are listed as if they were in separate companies. Thank you for your good help on this!

7 REASONS TO USE ENVIROSCAN

Geophysics is our only product - so we really know what we're doing.
We own all the gear for all techniques - so we use the right tools every time.
Since we do only geophysics, we are not your competitor!
We have 4 licensed PGs on-staff managing or reviewing every project.
We provide fully electronic / digital / GPS-based mapping and reporting.
We provide one-stop shopping for land, marine, and borehole geophysics.
We are WBE - certified.

HOW DO YOU ACCESS DIFFUSION LIMITED PORE-SPACE?

With **COMPLETE CONTROL** of injection **DIRECTION**,
RADIUS, and **VELOCITY**.

From the grounds of Space Launch Complex 15 at Cape Canaveral,

BADGER INJECTION SOLUTIONS, LLC

is now servicing the Northeast with kinetically adjustable pore space dilation injection techniques to emplace your selected in-situ treatment amendment.

It's all about **CONTACT**, and the
Badger Technology **DELIVERS**.

- DAILY injection volumes average 2,500 GALLONS with injection rates of up to 35 GALLONS PER MINUTE
- TARGET SPECIFIC TREATMENT AREAS using a selection of nozzle arrays (360°, 270° or 180°) with a MINIMUM RADIUS OF 15-FEET
- VARIABLE INJECTION FLOW RATES - essential in allowing amendments to diffuse into limited pore spaces

Environmental Assessment & Remediations is the certified BADGER technology provider for the Northeast.

Celebrating 40 Years of Scholarships!

The Angelo Tagliacozzo Memorial Geological Scholarship

The Angelo Tagliacozzo Memorial Geological Scholarship was established by the Northeast Section of the American Institute of Professional Geologists in late 1986. The first Scholarships were presented to undergraduate Geology students in 1987.

The ATMG Scholarship recognizes the dedicated leadership and service which Angelo provided to NEAIPG, to AIPG, and to the geological profession, until his untimely passing on October 11, 1986. The Scholarship furthers Angelo's goal of acquainting young geologists with AIPG and with AIPG's importance to the geological profession.

ANGELO TAGLIACOZZO (1936 - 1986)

Angelo Tagliacozzo received his doctorate in Geology from the University of Rome (Italy) in 1962. Thereafter, he worked in various positions as geologist, geophysicist, and hydrogeologist, which included assignments abroad, in the U.S., and with the United Nations. Angelo provided exemplary service to AIPG at the Section and National levels. He was a Northeast Section Executive Committee Member (1973- 1982), Vice President (1977-1978), President (1979-1980), National Advisory Board Delegate (1981-1982), and Screening Board Chairman (1984-1986). Angelo's dedication to and leadership of the Northeast Section Screening Board has become the ultimate standard against which service in such a position is measured. Angelo also served as an AIPG National Executive Committeeman (1982); he was a vigorous advocate of measures to increase professionalism. Angelo was (and will always be remembered as) a respected professional... and a friend to many.

THE SCHOLARSHIP

NEAIPG grants Scholarships to undergraduate geology students annually. The Scholarships are designed to help with the cost of summer field courses, textbooks, and other aspects of geological education. Scholarships are awarded, on academic achievement and on financial need, to students enrolled in recognized geology programs at colleges or universities located in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont.

YOUR CONTRIBUTIONS

Your participation is encouraged in support of this dynamic memorial to Angelo and his recognition of the importance of AIPG to the geological profession. Contributions to the Scholarship Perpetual Trust Fund should be written to:

The Angelo Tagliacozzo Memorial Geological Scholarship Trust Fund, Inc.
and mailed to:

NE/AIPG Geological Scholarship Trust Fund
c/o Scott Hulseapple
679 Plank Rd, Clifton Park, NY 12065

Alternatively, you can make your Contribution RIGHT NOW ONLINE,
by simply going to <https://ne-aipg.org/> and clicking "Donation To
Scholarship Fund" (under "Quick Links" on the home page).

All Contributions are invested perpetually, with earnings thereon used solely for the Scholarship. NE/AIPG bears all costs of administration. Please ask your employer about matching your tax-free contribution, and additional corporate contributions.

For further information, contact Kelly Weyer:

neaipg.atscholarship2@gmail.com

Memorandum

To: Kelly Weyer, Chairperson, ATMG Scholarship, Northeast Section, AIPG

From:

Date:

Re: *I'm Taking the Pledge: **I'M IN FOR 2026!***

Celebrating 40 Years of Scholarships!

Dear Kelly,

This year, I am 100% with you when it comes to achieving the Section's goal of 100% participation in support of the ATMG Scholarship Perpetual Trust Fund in 2026!

I agree with your encouragement that **each and every Section Member make a contribution in accordance with their ability!** Affordable donations from many members, can show a stronger and more united support for the future of our profession and aspiring geologist, rather than relying on the generous support from a few members.

To show my support toward the profession of Geology and encourage aspiring Geologist, you can count me in FOR 2026!

I am committed to contributing, as much as I can, **to give back to the profession that has given me so much. I'M IN FOR 2026**, and I am considering a **tax-free donation** equivalent to \$40 a Week, \$40 a Month, or \$40 for the Year in honor of the 40th Anniversary of the ATMG Scholarship!

Also, I just wanted to tell you I am delighted to know that every one of those hard-earned dollars that I contribute will be INVESTED in the Scholarship Perpetual Trust Fund, so my contribution today can keep on giving, year after year! That makes me feel like my contribution really means something, both now and in the long term!

I have thought it over, and **I know how important 100% participation is to make significant impacts in the lives of aspiring geologists!** So, Kelly, **I'M IN FOR 2026**, as indicated below.

If I want to add another tax-free donation later in the year, or if I want to pay this donation online, I know that I can visit the Section website at <https://ne-aipg.org> and make a donation at any time.

Professionally yours, _____

At this point in 2026, I am pledging the amount indicated below, and I will provide payment via check, or will pay online at <https://ne-aipg.org/>. I indicated my donation amount and payment method below with an "X" on the appropriate statements:

_____ \$40 a Week (\$2,000 for 2026)

_____ \$40 a Month (\$480 for 2026)

_____ \$40 a Year (\$40 for 2026)

_____ I pledge to donate the amount of \$_____ (I know that a little bit is better than nothing!)

_____ I have physically mailed this letter to you and enclosed my check, made out to "The Angelo Tagliacozzo Memorial Geological Scholarship Trust Fund, Inc."

_____ I have emailed you this letter, and I will pay the donation online. If my payment is not received within 30-days of receiving this letter, please invoice me and I will agree to pay as soon as possible, and no later than by 12/1/2026.

Signed: _____

Name Printed: _____

Address: _____
