CASCADe
DRILLING | TECHNICAL SERVICES

EXCELLENCE ON EVERY LEVEL™

CASCADe provides a full range of environmental and geotechnical drilling, site investigation and characterization, and environmental remediation technologies. Our vision is to integrate technology, safety, sustainability and human potential to tackle the challenging environmental and geotechnical issues facing our clients.

YOUR PARTNER FROM CONCEPT TO CLEAN UP

DRILLING

environmental, geotechnical, utility clearance, IDW, sonic, auger, rotary, direct push

SITE CHARACTERIZATION

high resolution site characterization, sampling, data visualization, MIHPT, UVOST, CORE^{DFN}, WATERLOO^{APS}, MobiLab

REMEDIATION

in situ, ex situ, collaborative design, thermal, chemical, biological, emplacement

With Cascade offices across the United States, subsidiaries and international partners, we deliver reliable services **nationwide.**

DRILEX

ENVIRONMENTAL

Drilex Environmental is one of New England's premier drilling companies

Drilex Environmental was established in 1995 and is one of New England's fastest growing, premier, full service Drilling and Environmental Construction companies. We are a quality drilling company, able to meet the ever changing needs of our clients.

AIPG STATEMENT OF PURPOSE

The purpose of the Institute shall be: to strengthen the geological sciences as a profession with all reasonable actions; to establish professional qualifications for, and to evaluate continuously the ethical conduct of geological scientists. Further the Institute shall establish standards to protect the public and geological sciences from non-professional practices; shall monitor governmental and other activities affecting the geological sciences; and, shall communicate with the public.

The Directory of the Northeast Section of the American Institute of Professional Geologists is digitally published annually at www.issuu.com/neaipg and at www.ne-aipg.org. Design and layout by Curt Kraemer, Kim Burger and Dick Young. Section Members are alerted to each issue by e-mail. The Directory was compiled by Curt Kraemer from data provided by AIPG. Many thanks are extended to all who helped in compiling this issue.

HOW DO YOU ACCESS DIFFUSION LIMITED PORE-SPACE?

With **COMPLETE CONTROL** of injection **DIRECTION**, **RADIUS**, and **VELOCITY**.

From the grounds of Space Launch Complex 15 at Cape Canaveral, **BADGER INJECTION SOLUTIONS, LLC** is now servicing the Northeast with kinetically adjustable pore space dilation injection techniques to emplace your selected in-situ treatment amendment.

It's all about **CONTACT**, and the Badger Technology **DELIVERS**.

- DAILY injection volumes average 2,500 GALLONS with injection rates of up to 35 GALLONS PER MINUTE
- TARGET SPECIFIC TREATMENT AREAS using a selection of nozzle arrays (360°, 270° or 180°) with a MINIMUM RADIUS OF 15-FEET
- VARIABLE INJECTION FLOW RATES - essential in allowing amendments to diffuse into limited pore spaces

Environmental Assessment & Remediations is the certified BADGER technology provider for the Northeast.

Contact us **NOW** to coordinate your **INJECTION SERVICES** for 2017!

NATIONAL & INTERNATIONAL DISTRIBUTOR:
RPI'S TRAP & TREAT® TECHNOLOGIES

AUTHORIZED FOR INJECTION: CETCO'S FLUORO-SORB® ADSORBENT

PIGGYBACKING: SERVICE EXPANDED FOR NE/AIPG ADVERTISERS!

The NE/AIPG Newsletter has again expanded its PiggyBacking options offered to Advertisers. Advertisers can include promotional flyers or brochures along with NE/AIPG's normal distribution of the Newsletter & Directory of Members.

PiggyBacking gives NE/AIPG Advertisers a cost-effective way to get their promotional material into the hands of NE/AIPG's targeted audience of decision-makers. That audience encompasses over 600, including ~500 NE/AIPG Members and Applicants throughout New York, New Jersey, and the six New England states, as well as ~40± AIPG National and Section Officers, over 60 Advertisers, and others. NE/AIPG Members benefit from keeping current on available and innovative products and services.

PiggyBack Rates:

PiggyBack rates for digital issues (see <http://issuu.com/neaipg/docs>) are:

1. A "Full Page" (~8" high by 5" wide) Space in Full Color costs \$125 per issue;
2. A "Double Full Page" (~8" high by 10" wide) Space in Full Color costs \$225 per issue;
3. A "Quad Full Page" (2 Doubles of ~8" high by 10" wide each) Space in Full Color costs \$425 per issue.

To schedule your PiggyBack promotion, or to learn more, just call Dick Young at 973-335-2289 or e-mail RYoungNJ@aol.com.

2026 NORTHEAST SECTION MEMBERSHIP BY SELECTED PRIMARY FIELDS OF PRACTICE

This Pie Chart represents the Primary Fields of Practice for all Members of the 2026 NE Section AIPG, excluding the 88 Students who are in the process of evaluating which Fields best suit them. There were also 29 Members that did not select a Field.

Solutions to complex challenges

A continually shifting world makes any engineering design solution difficult, often overwhelming. We help you overcome these challenges.

First, we start with you – defining true value and a successful outcome. With a deep understanding of the nexus between regulatory, technological and environmental drivers, we deliver certainty on cost-effective projects and programs that meet and exceed your goals.

Together we can do a world of good.

***Specializing Exclusively in
Land, Marine, and Borehole Geophysics***

TECHNIQUES

Ground Penetrating Radar
Seismic Refraction/Reflection
Magnetics
Microgravity
Electromagnetics
Resistivity
Electrical Imaging
Spontaneous Potential
Multibeam Sonar

Metal Detection
Side Scan Sonar
Hydrography
Geoelectric Leak Detection
Induced Polarization
Sub-Bottom Profiling
X-Ray Fluorescence
Acoustic Leak Detection
Borehole Logging and Imaging

APPLICATIONS

Rock Depth/Rippability Mapping
UST / Drum Detection
Utility Detection / Tracing
Well/Water Supply Siting
Fracture Detection
Sinkhole Mapping
Ordnance Detection
Rebar and Cable Mapping
Grave Detection
Contaminant Plume Mapping
Landfill Liner Leak Mapping
Boring Location Clearance
Subgrade Washout / Void Mapping
Seafloor Mapping

Shipwreck Location
Seismic Hazard Studies
Hydrocarbon Detection
Seismic Site Classification
Bathymetric Surveys
Well Characterization
Well Construction Confirmation
Bridge Pier Scour Detection
Archeogeophysical Surveys
Septic System Delineation
Blast and Vibration Monitoring
Detection of Foundation Elements
Water Table Mapping
Buried Landfill Detection

7 REASONS TO USE ENVIROSCAN

Geophysics is our only product - so we really know what we're doing.
We own all the gear for all techniques - so we use the right tools every time.
Since we do only geophysics, we are not your competitor!
We have 4 licensed PGs on-staff managing or reviewing every project.
We provide fully electronic / digital / GPS-based mapping and reporting.
We provide one-stop shopping for land, marine, and borehole geophysics.
We are WBE - certified.

GET TO THE SOURCE... THE FIRST TIME!

with Horizontal Remediation Wells

Some of the benefits:

- No business interruption during installation
- Maximum exposure to contaminants
- Cost efficient
- Reduced maintenance equipment, and operations cost.

And a few of the applications are:

- Horizontal Air Sparging
- Horizontal Soil Vapor Extraction
- Horizontal Bio Remediation
- Horizontal Soil Sampling
- Chemical Oxidation
- And many more...

ZEBRA Offers The Widest Range of Direct Sensing Services:

ZEBRA provides the widest range of Geoprobe/ DPT services anywhere, including a toolbox full of Injection and Direct Sensing systems. ZEBRA is now offering **UVOST** services along with **EC, MIP, MiHPT, CPT, MIP/CPT**. With our new strategic partnership with **TRIAD Environmental Solutions, Inc. (TriadES)** we are able to offer our clients a fully coordinated team of professionals. We have you covered from direct sensing to quantitative on-site laboratory analysis with DPT operators experienced in completing **High Resolution Sites Characterization (HRSC)** projects.

April 15th, 2026 – Spring Meeting and Student Expo NE-AIPG & HMPGA

On Wednesday, April 15th, 2026, the NE-AIPG and the HMPGA co-hosted our fourth joint annual Spring Meeting and Student Expo, bringing together geology students, faculty, and professionals as students begin their job search and career planning.

The event began with an afternoon field trip and was followed by the evening event at Philly Bar and Lounge in Latham, NY, which included a student poster session, professional networking and socializing, dinner, and a technical talk and demonstration. Geothermal was the focus of the field trip and the after-dinner talk, and PDHs were offered for both the trip and the talk.

The afternoon field trip to learn about the Steamboat Square geothermal system in Albany, NY, titled “Steamboat Square – Phases 1 & 2 Ground Source Heat Pump Installation for Affordable Housing” was led by John Ciavacco of Aztech Geothermal. John led us on a tour of the active geothermal system in the basement of the building before discussing the project history, the hydrogeology and thermal conductivity testing, the geothermal heat exchanger design and installation, the performance monitoring, and the permitting and regulations involved in the project. After the presentation, John invited participants to observe an active installation operation at another building within the complex.

The after-dinner technical talk and demonstration titled “Hydrogeophysical Tools and Data for Geothermal Resource Mapping and Site Characterization” was presented by John Williams of the U.S. Geological Survey (USGS) New York Water Science Center, and was focused on the New York State Energy Research and Development Authority (NYSERDA) and USGS geothermal project for compiling, collecting, and analyzing hydrogeologic data to inform geothermal development in New York. The talk included a description of the project, discussed the sources and data types being compiled, and analyzed and described the hydrogeophysical tools and data for geothermal resource mapping and site characterization. The talk concluded with a demonstration of geophysical tools and the specially designed field vehicle.

Thank you to John Ciavacco and John Williams for taking the time to participate in this event and to everyone who attended.

Thank you to the students who presented posters and the academic faculty who attended and supported and encouraged their students to attend and participate.

Thank you our sponsors ALS-USA Environmental, C.T. Male, NYSCPG, and Posillico for supporting the event, and to everyone that helped advertise and support the NE-AIPG/HMPGA Spring Meeting and Student Expo.

For post-event follow-up questions, or information about future sponsorship and exhibitor opportunities, please contact us at info@ne-aipg.org.

For more information and updates on upcoming events, visit the NE-AIPG website at <https://ne-aipg.org> and the HMPGA website at: <https://hmpga.wildapricot.org/>

Environmental laboratory solutions provided for your most demanding applications.

The 6th largest environmental testing laboratory in the United States and the largest privately family owned laboratory in the country with more than 50,000 square feet of state-of-the-art laboratory facilities offering:

Air

Sediment & Tissue

Forensic Petroleum

Regulatory Soil

Regulatory Water

Emerging Contaminants

Resource Development and Maintenance

Water Treatment

Layne Christensen's well-trained field crews and experienced staff work with clients to:

- Develop new water sources
- Rehabilitate existing wells, through either chemical or mechanical processes
- Provide pump service (new sales, repairs and installation)

Layne Christensen's professional engineers can assist in determining an appropriate treatment technology. We then fabricate systems scaled to each client's requirements.

Angelo Tagliacozzo Memorial Geological Scholarship Final Status Report 2025—2026 Academic Year

Kelly A. Weyer, CPG-11826
Scholarship Chairperson

The results are in! The ATMGS Board of Trustees and NE-AIPG's Executive Committee (ExCom) reviewed the ATMGS Committee's recommendations and confirmed the 2025-2026 awards in the March ExCom meeting. We congratulate this year's award winners and thank all students who took the time and effort to apply. We encourage students that did not receive an award this year who are still eligible in the fall to apply for the 2026-2027 awards.

We are pleased to recognize the selected 2025-2026 ATMGS award recipients listed below:

Award	Applicant	College
\$3,500	Emma Marin	CUNY Brooklyn College
\$3,000	Belkys Alessandra Farinas Valladares	Bates College, Lewiston, Maine
\$2,500	Grace Calvelli	SUNY Plattsburgh
\$2,000	Andrew Cuzzacrea	University at Buffalo; Buffalo, New York
\$2,000	Carlos Alberto Baez	Staten Island
\$1,500	Zoey Russo	CUNY Brooklyn College; Brooklyn, NY
\$1,500	Lora Johnson	Brown University; Providence, Rhode Island
\$1,000	Kayleigh A Nagle	Salem State, Saugus MA

To qualify for the ATMGS, applicants must be junior or senior undergraduate students pursuing a degree in geological sciences at a col-

lege or university within the eight-state NE-AIPG region. Evaluation criteria include financial need, academic performance, career goals, achievements (e.g., awards, projects, publications, senior thesis, etc.), and a faculty recommendation letter, with financial need and academic qualifications weighed the heaviest.

The 2025-2026 applications came from eleven different colleges and universities located within five of the eight states that make-up the NE-AIPG. All applicants demonstrated excellent academic qualifications and real financial needs. Many applicants reported active involvement in research projects, which is so important in the geosciences, but requires additional funding beyond tuition for aspects such as fieldwork, laboratory analysis, and conference participation.

The 2025-2026 ATMGS Committee was comprised of five NE-AIPG Members who reviewed the applications between December 2025 and February 2026. The committee chair consolidated individual committee evaluations into a single composite evaluation for discussion in an ATMGS Committee meeting, resulting in recommended award levels and recipients.

The ATMGS Committee presented recommendations to the ExCom and ATMGS Board of Trustees (BOT) in the March ExCom meeting. After considering the applicant qualifications, the ATMGS Perpetual Trust Fund performance, and the NE-AIPG's current financial status made final decisions, a vote confirmed the final awards. While decisions were challenging, they followed a long-standing evaluation process designed to ensure fairness within available funding.

The ATMGS BOT and the NE-AIPG ExCom approved an award pool of \$17,000 for the eight selected recipients. The name of each recipient, the college or university they attend, and the award amounts are presented in this announcement and are posted on NE-AIPG's website. The NE-AIPG notified all applicants of the outcome and will distribute awards by check with a formal letter of recognition. Each applicant that did not receive an award received an email

(Continued on page 81)

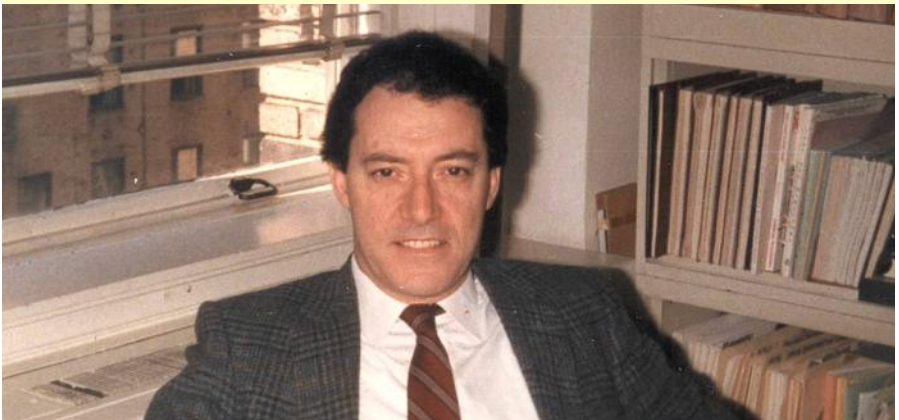

(Continued from page 80)

and acknowledgement letter notifying them of the results and thanking them for their interest in our scholarship program. As stated earlier, we encourage students that remain eligible in the fall to apply for the 2026-2027 ATMGS awards.

Sincere thanks are extended to each member of the ATMGS Committee for their time and effort in carefully evaluating each application, as well as the former ATMGS Committee Members and former Committee Chair, Dennis McGrath, for developing the evaluation framework that provides fair and meaningful results to aid in the final decisions. Appreciation is also extended to the faculty and students for their interest and involvement in the scholarship program, and to everyone that has and continues to donate to the ATMGS Perpetual Trust Fund. This ATMGS announcement can stand as a reminder to consider donating to the ATMGS Perpetual Trust Fund, so that we can continue to make impactful awards to students for years to come.

The 2026-2027 ATMGS Application will be open from September through December 2026, and awards will be made in Spring 2027. Watch your emails and <https://ne-aipg.org> for future announcements and updates.

Celebrating 40 Years of Scholarships!

The Angelo Tagliacozzo Memorial Geological Scholarship

The Angelo Tagliacozzo Memorial Geological Scholarship was established by the Northeast Section of the American Institute of Professional Geologists in late 1986. The first Scholarships were presented to undergraduate Geology students in 1987.

The ATMG Scholarship recognizes the dedicated leadership and service which Angelo provided to NEAIPG, to AIPG, and to the geological profession, until his untimely passing on October 11, 1986. The Scholarship furthers Angelo's goal of acquainting young geologists with AIPG and with AIPG's importance to the geological profession.

ANGELO TAGLIACOZZO (1936 - 1986)

Angelo Tagliacozzo received his doctorate in Geology from the University of Rome (Italy) in 1962. Thereafter, he worked in various positions as geologist, geophysicist, and hydrogeologist, which included assignments abroad, in the U.S., and with the United Nations. Angelo provided exemplary service to AIPG at the Section and National levels. He was a Northeast Section Executive Committee Member (1973-1982), Vice President (1977-1978), President (1979-1980), National Advisory Board Delegate (1981-1982), and Screening Board Chairman (1984-1986). Angelo's dedication to and leadership of the Northeast Section Screening Board has become the ultimate standard against which service in such a position is measured. Angelo also served as an AIPG National Executive Committeeman (1982); he was a vigorous advocate of measures to increase professionalism. Angelo was (and will always be remembered as) a respected professional.. and a friend to many.

THE SCHOLARSHIP

NEAIPG grants Scholarships to undergraduate geology students annually. The Scholarships are designed to help with the cost of summer field courses, textbooks, and other aspects of geological education. Scholarships are awarded, on academic achievement and on financial need, to students enrolled in recognized geology programs at colleges or universities located in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont.

YOUR CONTRIBUTIONS

Your participation is encouraged in support of this dynamic memorial to Angelo and his recognition of the importance of AIPG to the geological profession. Contributions to the Scholarship Perpetual Trust Fund should be written to:

Angelo Tagliacozzo Memorial Geological Scholarship Perpetual Trust Fund, and mailed to:

NE/AIPG Geological Scholarship Trust Fund
c/o Scott Hulseapple
679 Plank Road, Clifton Park, New York 12065

Alternatively, you can make your Contribution **RIGHT NOW ON-LINE**, by simply going to <https://ne-aipg.org/> and clicking "Donation To Scholarship Fund" (under "Quick Links" on the home page).

All Contributions are invested perpetually, with earnings thereon used solely for the Scholarship. NE/AIPG bears all costs of administration. Please ask your employer about matching your tax-free contribution, and additional corporate contributions.

For further information, contact Kelly Weyer:
neaipg.atscholarship2@gmail.com

Memorandum

To: Kelly Weyer, Chairperson, ATMG Scholarship, Northeast Section, AIPG

From:

Date:

Re: *I'm Taking the Pledge: I'M IN FOR 2026!*

Celebrating 40 Years of Scholarships!

Dear Kelly,

This year, I am 100% with you when it comes to achieving the Section's goal of 100% participation in support of the ATMG Scholarship Perpetual Trust Fund in 2026!

I agree with your encouragement that **each and every Section Member make a contribution in accordance with their ability!** Affordable donations from many members, can show a stronger and more united support for the future of our profession and aspiring geologist, rather than relying on the generous support from a few members.

To show my support toward the profession of Geology and encourage aspiring Geologist, you can count me in FOR 2026!

I am committed to contributing, as much as I can, **to give back to the profession that has given me so much.** *I'M IN FOR 2026*, and I am considering a **tax-free donation** equivalent to \$40 a Week, \$40 a Month, or \$40 for the Year in honor of the 40th Anniversary of the ATMG Scholarship!

Also, I just wanted to tell you I am delighted to know that every one of those hard-earned dollars that I contribute will be INVESTED in the Scholarship Perpetual Trust Fund, so my contribution today can keep on giving, year after year! That makes me feel like my contribution really means something, both now and in the long term!

I have thought it over, and I **know how important 100% participation is to make significant impacts in the lives of aspiring geologists!** So, Kelly, *I'M IN FOR 2026*, as indicated below.

If I want to add another tax-free donation later in the year, or if I want to pay this donation online, I know that I can visit the Section website at <https://ne-aipg.org> and make a donation at any time.

Professionally yours, _____

At this point in 2026, I am pledging the amount indicated below, and I will provide payment via check, or will pay online at <https://ne-aipg.org/>. I indicated my donation amount and payment method below with an "x" on the appropriate statements:

_____ \$40 a Week (\$2080 for 2026)

_____ \$40 a Month (\$480 for 2026)

_____ \$40 a Year (\$40 for 2026)

_____ I pledge to donate the amount of \$_____ (I know that a little bit is better than nothing!)

_____ I have physically mailed this letter to you and enclosed my check, made out to "Angelo Tagliacozzo Memorial Geological Scholarship Perpetual Trust Fund."

_____ I have emailed you this letter, and I will pay the donation online. If my payment is not received within 30-days of receiving this letter, please invoice me and I will agree to pay as soon as possible, and no later than by 12/1/2026.

Signed: _____

Name Printed: _____

Address: _____
